## SECURITY PHILOSOPHY AND APPROACH

*"G4S SSI provides confidence and reassurance to our clients through the professional, ethical and efficient provision of industry-leading risk mitigation strategies."*

## WHO WE ARE

G4S Secure Solutions Iraq is committed to delivering services for customers operating in Iraq. We identify threat agents and mitigate their risk in an assured, practical and cost-effective manner, delivering services to Governments, Corporations, NGOs and Investor organisations across Iraq.

## WHAT WE PROVIDE

- » Significant and sustained presence in Iraq since 2003.
- » Largest British security company in Iraq with major bases in Baghdad and Basra.
- » Full range of consultancy services for market-entry and business support to new and existing clients.
- » Commitment to providing employment to the community - 87.5% of our 3000+ employees are local nationals.
- » A reputation for successful delivery of large-scale security programmes to International Oil Companies and Blue Chip Businesses in Iraq.
- » Unmatched HSE record; including one million man hours of incident-free services to Shell Iraq Petroleum Development.
- » Regulatory compliance (legal and social welfare) and customer assurance, through Iraqi Ministry of Interior and Ministry of Trade accreditation.
- » Training investment and screening to provide suitable and fully qualified personnel who understand the Iraq risk environment.
- » We apply international best practice and premium Security Industry Standards across our Iraq portfolio.
- » The only PSC in Iraq offering organic refurbishment of Armoured vehicles to OEM and IOC approved standards. A large and varied fleet of vehicles provides flexibility to customer needs.
- » Aviation Security in high risk areas - providing multiple layers of specialist Aviation Security at Baghdad International Airport since 2009.

## OUR VISION

To become the customer **partner of choice** for the provision of risk management and support services in **complex** and **challenging** environments.

## OUR MISSION

As risk management experts, we will **design and deliver cost efficient** solutions that enable our clients to conduct their business **safely and successfully** in complex and challenging environments.
