Medical Training

Fleet Management Services Training

### G4S Training and Capacity Building specialists

- G4S training programmes are designed to build local and client capacity by enhancing functionality of clients and equipping them with the knowledge, skills and best practices needed to operate in high-risk conflict afflicted areas.
- We work closely with a pool of professional Subject Matter Experts drawn from military, law enforcement and aviation security backgrounds to deliver world-class training and capacity building solutions at all levels (National, strategic, operational, tactical) across the security and justice reform sectors.
- G4S also delivers high quality bespoke and tailored turnkey solutions, designed in conjunction with our clients.
- Our risk mitigation training enables clients to recognise and avoid potential threats, as well as equipping them with the ability to respond to incidents should they occur.
- We take a blended approach to training, allowing for theory to be confirmed by open discussions, case studies and hands on experience followed by practical exercises.
- We employ a project control process to ensure the project remains on time, on cost and on specification for our clients.

## Our Vision

To become the leading partner of choice for the provision of broad spectrum risk management and support services in complex, low-infrastructure and challenging environments.

## Our Mission

We will design, deliver and execute cost efficient risk management and support services that enable our customers to conduct their business safely and successfully in complex, low-infrastructure and challenging environments.

## OUR WORK

- Our special projects training team have worked on a number of bespoke projects. These have ranged from a conceptual capability request to reduce improvised explosives devices (IEDs) casualties, through to the establishment of a specific operationally-critical programme for an overseas Special Forces organisation.
- We have consistently delivered Foreign Affairs Counter Threat (FACT) training from our base in Kabul over the past decade. In 2013, we ran 15 separate FACT courses for numerous major clients in the region.
- A number of HEAT Training programmes have been delivered in the Middle East and Africa. G4S conducts HEAT Training for clients travelling to post conflict and challenging environments.

## Accreditation

- ISO 9001:2008 (Quality Management) international standards
- ISO9001:2012 and PSC 1-2012 Certification
- BS OHSAS 18001 (Occupational Health and Safety Management) UK standards
